

WORKLAMPS

EW2461 Square Magnetic LED

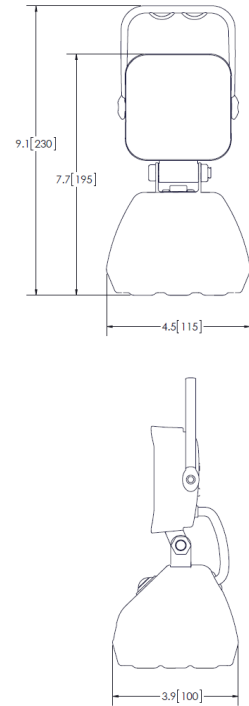

Featuring a high intensity flood beam and three operating modes (100% intensity, 30% intensity & SOS flashing) this heavy duty battery powered worklamp combines mobility with high performance and a compact design. The long-life, lithium rechargeable battery allows the worklamp to be operated for 3-4 hours before recharging is required. Dual-color CA and CR models feature five operating modes (100% intensity white, 30% intensity white, 100% intensity amber or red, double flash amber or red and quad flash amber or red). Supplied with a cigarette socket charging lead and North American AC charger.
